FRONT-END DEVELOPER
UI DESIGNER
ALL AROUND SWELL GUY

PROJECTS

Flickr

Single page photo hosting and sharing app. Images are hosted on Amazon Web Services. Leverages the **DROPZONE** Library to enable drag and drop uploads. Features a scratch made user auth system created with **RAILS and REACT.JS**

YayQuery!

Crafted a **JAVASCRIPT** library which emulates the DOM manipulation functions of **JQUERY** written in vanilla JavaScript.

Penultimate Fantasy

Match-three style browser game written in **JAVASCRIPT**. Utilizes YAY-QUERY! (above)
